ABOUT BELLA

BELLA

Constructed in 2005 by New Zealand based Sensation Yachts, BELLA has proven herself as a world cruiser. She perfectly blends the spirit of both the explorer and luxury yacht in such a way that neither aspect is compromised.

BELLA is designed with guest comfort as top priority. She is equipped with six well appointed cabins that comfortably sleep 12 guests aboard. An ornate spiral staircase connects all three main decks including two oversized saloons. BELLA is scattered with guest features including a private gym, owners study, jacuzzi, gigantic sun deck and plethora of tenders and toys.

BELLA remains MCA compliant with ABS classification. At 13 knots she has a range of 4,000nm@1200rpm which easily allows for transatlantic crossing capabilities. An advanced stabilisation system on board promises exceptional comfort levels at anchor or on any voyage.

An extensive refit was completed in 2019, which includes everything from engine and generator rebuilds to a new tender garage and stabilisers. The 2023 refit includes 20-year ABS survey items, major engineering and mechanical upgrades, bridge upgrades and interior and exterior upgrades. BELLA is offered for sale in absolute turnkey condition and ready for even the most rigorous owners yachting program.
